EDUCATION

St. Joseph's Institue Of Technology

Bachelor in Technology in Information Technology

Graduating
CGPA: 8.76/10

Area Of Interest: Java Application Development, Web and App Development

TECHNICAL SKILLS

Programming Languages: C, Java, Javascript, Dart

Frameworks: Flutter, Express.js, SpringBoot, Bootstrap, TailwindCSS

Databases: MySQL, MongoDB

Others: Node.js, Git, Linux, Problem Solving

EXPERIENCE

Cognizant, Project Intern

Jan 2023 – JUL 2023

- Developed and executed comprehensive testing plans for the **Microsoft Azure authentication** project using Flask, resulting in 98% error-free authentication processes.
- Collaborated with a team of developers to enhance the user interface of the authentication system, leading to a 30% increase in user satisfaction ratings.

Code Clause, Java Intern

Apr 2023 – Jun 2023

- Created a high-performance **Airline reservation system** using Java, resulting in increased efficiency and improved customer satisfaction.
- Designed and implemented a user-friendly **Note-making application** in Java, enhancing productivity and organization for users.

PROJECTS

Blog APP

Jul 2023 – Aug 2023

- Developed a comprehensive blog application that secured a flawless track record in data retrieval and storage, setting a benchmark for efficiency and reliability.(Express, Node.js, MongoDB, EJS)

Covid-API

Aug 2023

- Implemented an API that allows users to input the name of a country, and in response, retrieves comprehensive historical details of COVID-19 statistics on the specified country.API consists of details more than 50-60 countries. (Express, Node.js, MongoDB, EJS)

SignUp-Auth

Jul 2023

- Designed a robust signup page that incorporates JWT tokens and sessions to ensure enhanced security and seamless user experience.(Javascript WebTokens,Express, Node.js, MongoDB, EJS)

Receipe-Finder API

Jul 2023

- Created an intuitive recipe discovery platform with search, filters, and detailed recipe information, enhancing user cooking experiences for over 10000 receipes(Javascript, Cadamum API)

ACHIEVEMENTS

- Winner in Technical Quiz event held at MNM College of Engineering (COGNIT'23)
- Winner in a Coding and Hackathon club event in SJIT
- Runner in the Coding and Debugging Event held at Saveetha School of Engineering (DIODZ'23)
- Runner in Coding Event held at Saveetha Engineering College (DIODZ'22)

CERTIFICATIONS

- Complete JS with HTML,CSS from zero to Expert (Udemy) • App development using flutter and dart (udemy)
- Project Development Using Java (Udemy) • Git and GitHub Workshop • Business English Certificate
